### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles Guenzer on 5-1-06.

The application has been amended as follows:

In the claims:

In claim 38, line 2, "at%" has been changed to --wt%--.

2. The following is an examiner's statement of reasons for allowance: None of the prior art of record taught or suggested the joining of two silicon parts with a mixture of a silicon powder and a silica bridging agent (a chemical agent which when annealed to an annealing temperature vitrifies to form a silicate glass) as a binding agent for joining the two silicon parts together wherein the mixture was applied between the parts and the assembly annealed to join the parts together. Japanese Patent 05-175319 suggested the formation of a silicon boat formed from silicon material, however the use of the specified bonding agent is not disclosed in the reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 1733

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeff H. Aftergut whose telephone number is 571-272-1212. The examiner can normally be reached on Monday-Friday 7:15-345 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Crispino can be reached on 571-272-1226. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
